Prepare for Possible School Closure

Identify Digital Home Life

Survey to find the **number** and **type** of **devices** at home, the **adult work schedule** at home, the **Internet availability** at home.
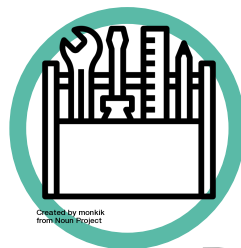

Set Attendance Policy

Base attendance on completion of digital learning assignments, not seat time or synchronuos meetings.
Build in a lag time for completion after school resumes for those needing it.

Assign Devices As-Needed

Based on survey data, are there homes which need devices or the extended school from home period?

Created by Jen Tiffin Jr from Noun Project

Build Teacher's Digital Toolbox

Train teachers on their options for delivering content remotely. Encourage teachers of like content to create sharable content to ramp-up rapidly for extend times periods.

Created by monkik from Noun Project

Practice Online Delivery

Build in face-to-face school days where teachers and students can try out the online content/platofrms to assure everyone undersands the options in advance of school-from-home days.

Created by ProSymbols from Noun Project

Launch School from Home

As school-from-home starts monitor with staff and watch platform statisitcs as possible to guage rates of participation.
Keep lines of communication open to families for issues which arise.
